The Residence, is a \$22-million project, that will feature 180 apartment homes in its first phase. The project is located near the intersection of Highway 75 and F.M. 691 inside the growing Master-planned Lifestyle Development of Gateway Village.

“The Residence at Gateway Village will not only add much needed Class A housing to this area, but also direct access to Gateway Village and the many dining, shopping and entertainment destinations that will also make their homes in the Gateway Village development,” said Ryan Johnson, President of Covenant Development. “Other restaurants and retailers in addition to The Hilton Garden Inn and The Residence have already expressed interest in opening new locations inside Gateway Village.”

“The Residence at Gateway Village has the amenities and features today’s residents expect from an apartment home,” said Jason Brumm, with Covenant Development.

In addition to offering a walk-able living experience with on-site dining and shopping on the horizon, The Residence will feature a fitness center, internet cafe, walking trails, dog park, fenced yards and a resort-style pool with outdoor cabanas. “Inside the apartment homes, residents will enjoy high-end features, including wood-plank style flooring, USB outlets, granite countertops, custom cabinetry and large walk-in closets,” Jason Brumm shared.
